## Storm Restoration Contract

### We will:

- Treat your claim with as much attention and care as we treat our own.
- Guide you through the detailed process of insurance claims.
- Patch your roof as needed to get you by until we can replace it.
- Guarantee you will only have to pay your deductible if you have full replacement cost value from your insurance company (unless you wish to upgrade products or have extra work completed).
- Help you pick out the best shingle for your home. *(Yes, there is a big difference in products, even ones that are marketed as equals)*
- Show you the full line of available shingle colors and almost always give you address of homes where we've installed them so you can see our work.
- Be here long after the job is completed so you can rest easy knowing a solid company is standing behind your project.

### We need:

- A full copy of your insurance paperwork once you've received it. This allows us to ensure your project is covered properly. *In areas deemed to have catastrophic damage, you may not need an inspection prior to contracting with us. If you are unsure of your damage, you can still contract with us to be placed at the top of our inspection list.*
- Your patience and cooperation as we work through the process.
- A signed copy of this contract.

### Contractor's Insurance:

White Castle Roofing is fully insured with liability & workers compensation insurance. Workers compensation insurance is the biggest asset to you as a homeowner because it takes the liability of employee injury off of you and puts it squarely on our shoulders where it should be. If you hire a contractor without current workers compensation insurance you will be taking all of the risk on the project.

### Contract:

I exclusively authorize White Castle Roofing & Contracting, Inc. to act as my counsel with my insurance company on this claim. White Castle Roofing will act in my interest in regards to the insurance claim. I approve White Castle Roofing to perform the scope of the work that is agreed upon between the homeowner and White Castle Roofing based on the scope of work from my homeowners insurance company. An addendum detailing the scope of work will be provided for my signature after my insurance company performs their inspection. No work will be completed before a full scope of work has been agreed upon by White Castle Roofing and me, as detailed in the addendum.

### Accepted By:
